CAREER SUMMARY

“Maintaining the stability and efficiency of networks.”

I am a telecommunication engineer and front end web developer having 4+ years of work experience in total and 2+ years of experience as network operation engineer, As a Network Operation Center (NOC) Engineer, i am the backbone of ensuring uninterrupted connectivity and smooth operations in the digital realm. i am a vigilant guardian of network health, constantly monitoring, analyzing, and troubleshooting to maintain optimal performance. With my sharp analytical skills and deep understanding of networking protocols and technologies, i swiftly detect and resolve issues, minimizing downtime and keeping the network resilient. My proactive approach and ability to work under pressure make you a trusted ally in the realm of digital infrastructure, ensuring that businesses can operate seamlessly in the ever-evolving landscape of technology.

PROFESSIONAL WORK EXPERIENCE

NOC ENGINEER CRYSTALLITE PRIVATE LIMITED

2021 – 2024 karachi, Pakistan

- IP to IP data transfer.
- Installation of VPS and dedicated server on new customer demand and requirements.
- VPS server installation on virtualizer.
- Complete data transfer from one server to another.
- Monitoring network performance and identifying issues.
- Responding to and resolving incidents and outages when occurring during live calls and SMS.

- Collaborating with cross-functional teams to address network problems.
- Implementing and maintaining network security measures.
- When issue take place from vendor side so we raise ticket on vendor for the reported issue and take update accordingly until the issue get resolved.
- Provide live support to our customers for their running calls SMS on our servers.
- Provide complete training to our new clients to whom we provide server for running calls and SMS services.
- We do all the configuration on their servers from all or SMS initiation to successful termination.
- Maintain accurate records of incidents, service requests, and changes in the monitoring system.
- Perform initial troubleshooting steps for identified issues to support quick resolution.
- Managed and monitored virtualized network environments using [specific virtualizer tool, e.g., VMware, KVM].
- Implemented and configured virtual machines (VMs) to support network infrastructure and service delivery.
- Optimized virtualized environments to improve resource allocation, ensuring efficient use of hardware and reducing operational costs.
- Troubleshoot and resolved issues within virtualized systems, minimizing downtime and maintaining high levels of system performance.
- Collaborated with cross-functional teams to deploy virtualized solutions that enhanced network scalability and flexibility.
- Provided technical support and training to team members on virtualization best practices and usage.
-

SKILLS AND STRENGTHS

- I have worked on IoT based system and designed IoT based home automation system as a FYP project in which there are multiple modules and all home appliances were controlled by a single application through internet.
- Front end web developer
- Having good knowledge of CCNA.
- TCP/IP protocols
- Routing protocols
- Different types of routing
- SIP call flow
- Ticketing proficiency

- Can work under pressure
 - Self-motivated and initiative
 - Team leadership
 - Problem-solving
 - Online customer support
 - Teamwork
 - Communication
 - Organizational skills
 - Customer service
 - Microsoft Office
 - HTML5
 - CSS3
 - JAVASCRIPT
 - Bootstrap
 - Linux
 - WinSCP
 - Putty
-

EDUCATION

BS TELECOMMUNICATION ENGINEERING Sir syed university of engineering and technology karachi

BISE Swat, Pakistan

INTER (FSC.) PRE ENGINEERING GOVT Degree College

BISE Swat, Pakistan

MATRIC (SSC.) SCIENCE GOVT High school

Certification

18/12/2013 – 18/06/2014 NIMAL ABBOTTABAD

Diploma in office Automation

15/04/2014 – 18/06/2014 NIMAL ABBOTTABAD

Diploma in spoken English

01/11/2020 – 02/2021 JAWAN PAKISTAN

Web and Hybrid app development

NDG Linux Essentials course from Cisco networking academy

February 10, 2024

EXPERIENCE LETTER

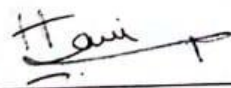

This is to certify that **Saif Ullah S/o Hafiz Ullah**, bearing CNIC no. **15504-6129715-3**, was employed and working with us as a **NOC Engineer** in Crystallite Pakistan (Pvt) Ltd. from December 15, 2021 to January 31, 2024.

In the capacity of **NOC Engineer** he was responsible for coping with market requirements. During his tenure, he managed to deal with many kinds of tasks that show his competencies and hard-working. His efforts in Crystallite Pakistan (Pvt) Ltd. have always been commendable.

We deeply believe that he is a self-starter; he is very committed to teamwork and has knowledge in broad spectrum.

We wish him well for future endeavor,

For Crystallite Pakistan (Pvt) Ltd,

Hani Nadeem Essani
Head of HR & OD
Crystallite Pakistan (Pvt) Ltd.

Dear SAIF ULLAH,

Congratulations on successfully completing the NDG Linux Essentials course in the Cisco Networking Academy. By completing this course, you are now prepared to earn the Linux Essentials Professional Development Certificate from the Linux Professional Institute (LPI).

Today's job market is competitive, but the rewards are worth it. With employers reporting they are paying salaries well above company norms, paying out bigger bonuses, and offering flexible schedules, there has never been a better time to have strong Linux abilities. Verifying your skills with a professional certificate can be a great way to stand out from other candidates, by proving you have the technical abilities required for the job. Become a stronger prospect in the job market by pairing our certificate with other industry-recognized certifications such as Cisco Certified Network Associate (CCNA).

OBTAINING THE LINUX ESSENTIALS PROFESSIONAL DEVELOPMENT CERTIFICATE SHOWS THAT YOU:

- Understand the Linux operating system
- Have demonstrated the ability to navigate a Linux system
- Can execute the power of the Linux command line
- Possess knowledge of Linux security and file permissions
- Have the motivation to advance your IT career

Go to LPI.org to learn more about the Linux Essentials Professional Development Certificate!

*Sincerely,
The NDG Team*

NDG LINUX SERIES

We hope you'll continue your Linux studies with the NDG Introduction to Linux I course. This course prepares you for the LPIC-1 101 Exam, the first of two towards the LPIC-1 Linux Server Professional certification from the Linux Professional Institute (LPI). The LPIC-1 certification will show you have the in-demand Linux skills that employers are seeking.
